

The ECG's Distinguished Guest Lecture

Table: ECG Distinguished Guest Lecturers 1986 to 2014

Year	ECG Distinguished Guest Lecturer	Affiliation of Distinguished Guest Lecturer	Title of Distinguished Guest Lecture
1986 ^a	Sir Richard Doll	Imperial Cancer Research Fund	
1988	Sir John Mason	Director of the Meteorological Office	The causes and consequences of acid rain
1989	Professor Brian Thrush	University of Cambridge	Reactions of air pollutants in the atmosphere
1990 ^b	Professor Roger Kerr	Imperial College Institute	
			Global atmospheric chemistry and its relationship to the biosphere, anthroposphere and climate
1992	Dr David Slater	Chief Inspector of the Environment	Integrated Pollution Control
1994	Sir John Southton	Chairman of the Royal Commission on Environmental Pollution	Environmental impact of transport
1995	Dr Peter George	Rio Tinto plc	Environmental criteria: science based or regulator responses to public concerns?
1996 ^c	Professor Ross Harrison	University of Birmingham	The chemistry of urban air pollution
1997	Dr Dick Derwent	Meteorological Office	Atmospheric chemistry and climate change
1998	Dr Ian Denton	Environment Agency	Monitoring for regulator purposes

2-14	Professor Thomas Oraedel	Eale, niversit\$	Rare earths and other scarce metals< Technolo(ical\$ vital but usual\$ thro#n a#a\$
2-15	Professor Richard Thompson	&l\$mouth, niversit\$	&lastic debris in the ocean A a (lobal environmental problem
2-1B	Professor Fva @alsami ones	, niversit\$ of +irmin(ham	Danomaterials G %nvironmental Remediants or To. icants=
2-16	Professor 6lan Roboc!	Rut(ers, niversit\$	Oeoen(ineerin(the Climate
2-17	Professor Fran! 8ell\$	8in(s Colle(e "ondon	Inside the %n(ine< from Chemistr\$ to 3uman 3ealth
